

FERIA VALENCIA

SOLUTIONS FOR A SUSTAINABLE EVENT

At Feria Valencia we want our activity to go
hand in hand with Sustainability, offering the user an experience
linked to the commitment to our planet and society

Solutions for a Sustainable Event

- Sustainable stands (materials, carpet...)
- Sustainable catering (food zero km, food waste, inclusion, etc.)
- I reduce · Reuse · Recycle.
- Efficient consumption management
- Sustainable Marketing
- Carbon Footprint Calculation and compensation
- Social inclusion hostesses
- Sustainable water sources · reduction in the use of non-recycled plastic
- Sustainable lanyards (recycled, return urn, sustainable accreditation)
- Promotion of public transport and collective transport (fairs and events)
- Collaboration with NGOs fairs/events. Stand, visibility, donations...
- UN Sustainable Development Goals (SDG) Cubes. Visibility
- Nursing room/nursery
- Promotion of healthy living and responsible consumption
- Electric vehicle charging points
- Collaboration link with entities for the management of the event's legacy
- Reuse of tarpaulins from fairs and events to a social action company
- Actions in the local environment ; "Valencia, European Green Capital 2024"
- Report on the impact of each fair/event on the SDGs

thank you for your trust
